PROFILE

I am a web developer with a strong background in full-stack development and a passion for building responsive, user-friendly websites. I am currently in my third year of a Bachelor's degree in Computer and Information Technology (CIT) at Jamhuriya University. I have hands-on experience with React, Firebase, Tailwind CSS, and the MERN stack (MongoDB, Express.js, React, Node.js). I am familiar with various development tools and database management. I am looking for a job where I can use my skills and grow in a dynamic environment.
